

Tonic Storage

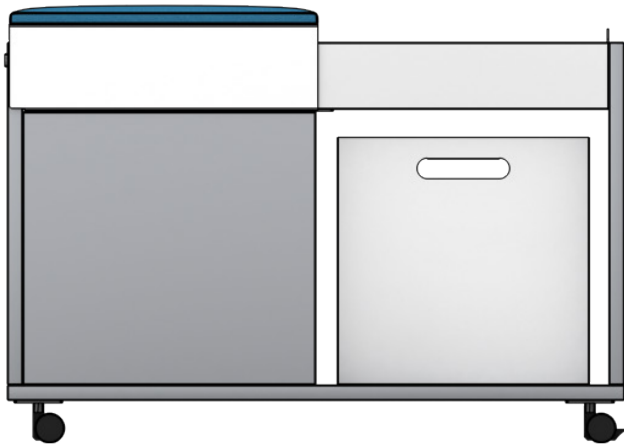

Together is better.

The Watson Trolley is a great companion to Tonic Benching, fitting underneath the surface and providing a secure place to store files or personal items, as well as providing a seat for a coworker to talk shop.

Details

Tonic storage is a fresh alternative to conventional personal storage. Tonic Trolley is loaded with functional compartments to organize personal items for work and play. Tonic Stash is the perfect solution for users with limited space that appreciate a stylish, clutter free work environment. Compact outer dimensions of both units offer the ideal companion to high density open plan environments.
