

Allé Work Desk

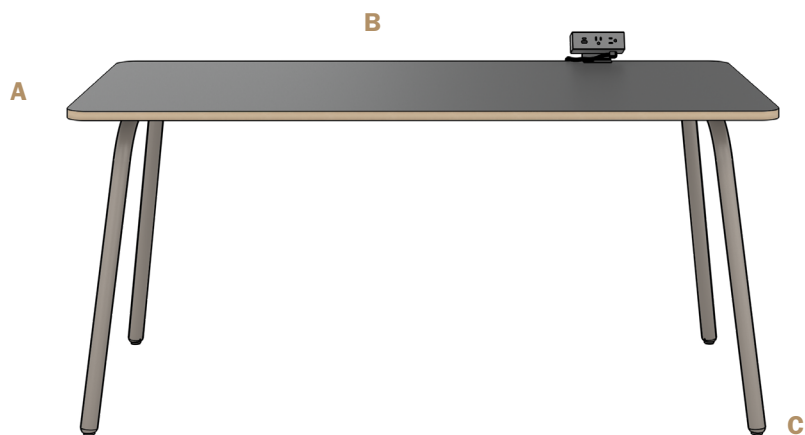

Perfect for dropping-in for the day, or as an alternate workspace in open offices and creative labs, the Work Desk puts the 'fun' in functional with finish options, optional casters, and energetic design.

Details and Features

- The 29.5" height is maintained when specified with casters
- Available in two depths of 24" and 30", and multiple widths of 48", 54", 60", 66", and 72"
- Optional cable channel clips on to leg and discreetly route cables from the surface to the floor
- User power can be specified as convenience power that clamps on to the back of the desk, or utility power which is secured to the universal cable tray under the surface
- 3/4" thick worksurface available in multiple edge profiles, and choose between a 90-degree corner or a 2" radius corner
- Work Desks include cable clips mounted under the worksurface

A

- A $\frac{3}{4}$ " worksurface keeps helps these desks keep a subtle profile

B

- Embrace your colorful side by mixing and matching finishes across multiple Work Desks

C

- Work on wheels with optional locking casters
