

C9 Storage

The perfect companion.

Everyone needs a little personal space. Not to mention a place to store office supplies, files, and items like jackets and bags. The C9 Cart & Garage does just that with an intelligent design that provides the privacy you need to get things done. The C9 Trolley brings rich functionality to mobile storage. A steel work tray lifts up and out to reach the desk surface in one fluid motion. Consider it the ideal addition to your team.

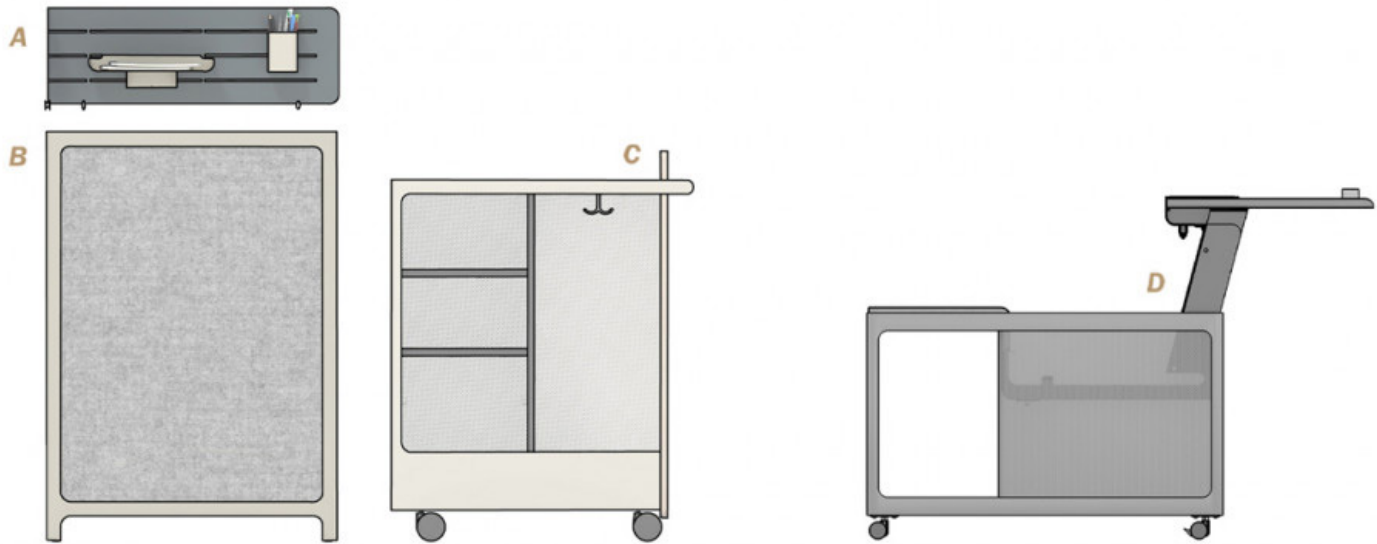

Details

The C9 Cart docks into its own self-contained garage creating a personal workspace that stays neatly organized no matter what the day brings. The C9 Trolley brings mobile storage out from under the desk and into the open plan.
