

watson | Allé

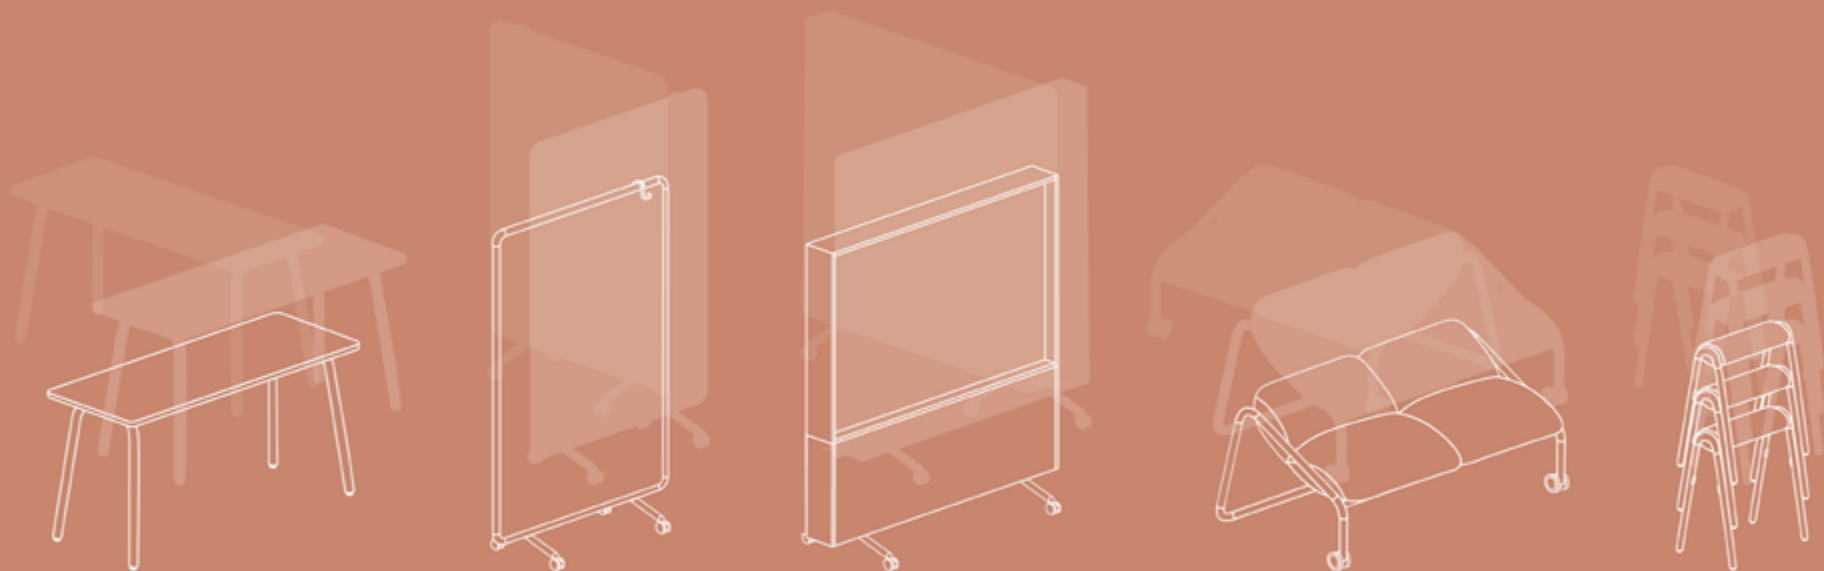

Welcome to working outside the lines

Whether through bold transformations or subtle tweaks, Allé is about having the freedom to impact, personalize, and adapt a space to fit individual preference and the vibe of the moment. It's about agency, energy, and fun.

Decentralize. Deformalize. Work outside the lines.

With Allé, create dynamic spaces where ideas take center stage and workplaces come alive. These mobile products create fluid environments that let individuals and teams propel ideas forward, carve out privacy, and adapt their space to fit their needs. We're never stagnant, so why should our workspaces be? Allé makes it effortless to shift, move, play, reset, and regroup.
