# For the Human Centered Office

The C9 collection places the modern worker at the heart of its design philosophy, offering a suite of desks, meeting tables, and mobile storage solutions that seamlessly integrate into any design scheme. By fusing refined, uncluttered forms with practical functionality, C9 not only enhances work environments but also promotes focus and mindfulness in a fast-paced world.

## DESIGNER PROFILE

**Morten Nikolajsen**  
Mohoni Studio,  
Denmark

Morten is inspired by functionality and playfulness, attributes that underpin a holistic,

innovative approach which he implemented when designing the C9 Desk. He is constantly thinking of ways to improve products and breathe life into unconventional ideas. Morten's work has a broad range - from bicycles to lamps to industrial design.

# Where Work Meets Work-of-Art

At the intersection of minimalist aesthetics and uncompromising utility you'll find the **C9 Desk**. Its precision crafted steel frame supports a worksurface that fluidly adjusts to its user's movements, along with optional pendant storage and privacy screens. Worker and workstation in perfect harmony.

## Height-Flexible

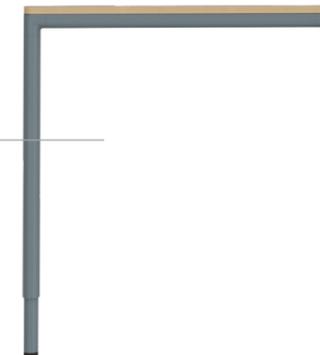

Adjust the worksurface with a flush-mount switch or let the C9 Desk shine as a fixed-height solution.

### Adjustable-Height

43"

27"

### Fixed Height

42"

36"

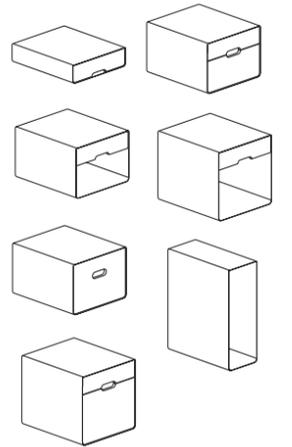

29.5"

## Storage at Hand

Keep clutter at bay with optional **Pendant Storage**, which is easily attached to the desk frame. It's adjustable to either side as your needs change, providing maximum flexibility.

### Cultivate Personal Space

Enhance your workspace's privacy with our selection of corner and privacy screens - available in a mix of premium materials and finishes.

### SCREEN OPTIONS

## The Perfect Companion

In the modern workplace, the **C9 Trolley** stands out as a versatile ally. Its steel tray can easily convert from a storage hub into a convenient side table or a desk extension, ideal for spontaneous meetings and team collaborations. Beyond storage, it doubles as a practical seat for quick discussions or shared workstation tasks. The C9 Trolley brings mobile storage out from under the desk and into the open plan.

## Organization Made Easy

The **C9 Cart** features adjustable shelves, file storage, and a dual coat hook. And the cart functions as an agile space buffer during the day. The garage is a static side companion to the desk providing space division and privacy in the open plan. With slotted steel toppers, line of sight privacy is increased.

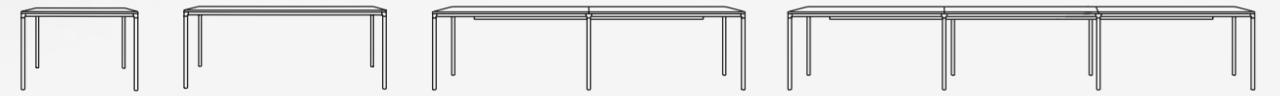

### Keeping It Clean

The mobile cart stows neatly inside its own garage to lock away personal files and gear, but apart each piece provides added benefits meaning the **C9 Cart & Garage** is greater than the sum of its parts.

# Boundless by Design

**C9 Meeting Tables** work across the office without boundaries. The slender profile fits neatly into the modern aesthetic of today's working spaces. Wherever teams gather, the fixed-height tables can handle seated, counter and bar height worklife with plenty of power options.

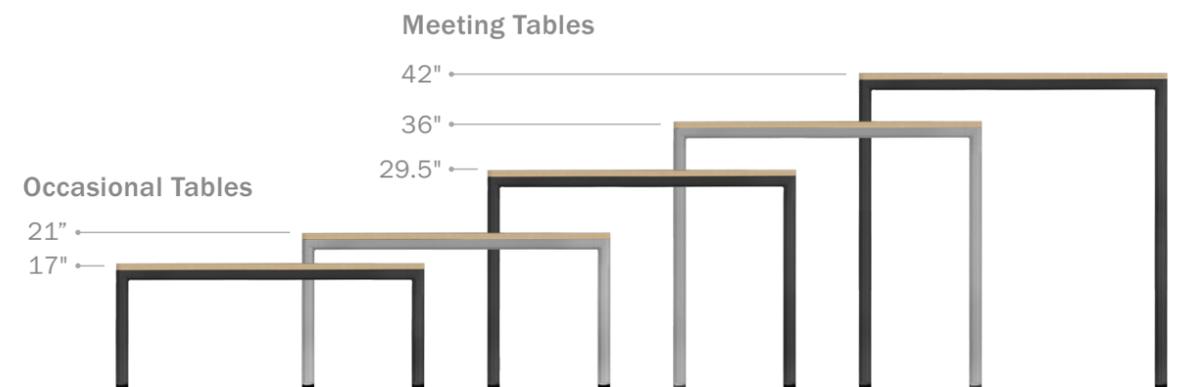

## Hybrid Meeting Ready

Whether gracing a stately boardroom or adding charm to a laid-back lounge, **C9 Meeting Tables** seamlessly integrate form and function while infusing spaces with a touch of understated elegance. Opt for built-in power solutions to keep your devices charged and at the ready, or choose casters to transform your setup into a dynamic, easily reconfigurable space.

### Made For Any Occasion

Occasional-height tables set a welcoming tone in reception areas and lounges. With optional casters for future flexibility, these tables invite both layered arrangements and easy reconfiguration.

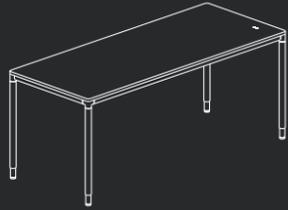

## Expansive Possibilities

When you need to create long table runs for touchdown stations, work bars or conferencing, the **C9 Meeting Table** is available in lengths up to 24 feet.
