

Haven

SETTINGS THAT BRING US TOGETHER

watson

Connecting People Wherever They Gather

The workplace has transformed into a vibrant social hub where people and ideas flourish. Designed for enduring aesthetic appeal and functional relevancy, the Haven Collection offers social tools and tables that work for a spectrum of settings that will foster connection for years to come.

DESIGNER PROFILE

Mike & Maaike
San Francisco, CA

Mike & Maaike is a progressive Dutch-American industrial design studio led by Mike Simonian and Maaike

Evers. Their backgrounds and thoughtful approach to design have culminated in a diverse body of work marked by experimentation, substance, and strong conceptual narratives.

Social Magnets for Meaningful Encounters

Central to Haven's philosophy is the incorporation of "inviting touchpoints" throughout the collection. These elements work together to attract groups, encourage unexpected encounters, and create an open, welcoming atmosphere. These details help ensure an easy and enjoyable experience, regardless of how or where Haven is used.

Time to Recharge, Space to Connect

The **Haven Recharge Bench** offers a cozy, yet compact seating solution that's easy to move and perfect for transitional spaces. Its cushioned, rounded seats welcome people from both sides, while a subtle divider with optional center accessories adds a buffer for personal space. Built with a minimal steel frame and iconic flat-front legs, the bench blends seamlessly into any setting, making the most of under-utilized areas.

Neighborhood Light

Watson's Neighborhood Light, a fully-dimmable LED accessory, can be added to any Haven table or the Haven Recharge Bench. Designed for on-the-go convenience, it includes USB-A and USB-C ports for device charging and features an automatic shutoff timer.

Haven Laptop Table

A versatile work surface that fits alongside sofas, chairs, or benches. The Haven Laptop Table's slim base is designed to slide between chair legs, while its spacious top accommodates a laptop and a mouse. Perfectly complements the Haven Recharge Bench, this table enhances any work or relaxation space.

Get Social

Haven Social Tables create versatile settings for meetings and team collaborations, featuring an array of shapes, sizes, and heights to encourage engaged interactions. Designed with clean lines and subtle shapes, each table showcases distinct legs that touch the floor gently, creating a light, welcoming atmosphere.

Hybrid Possibility, Agile Privacy
The media panel can turn any Haven table into a video conferencing hub. Fabric privacy screens help create separation, and are a beautifully dynamic addition to any space.

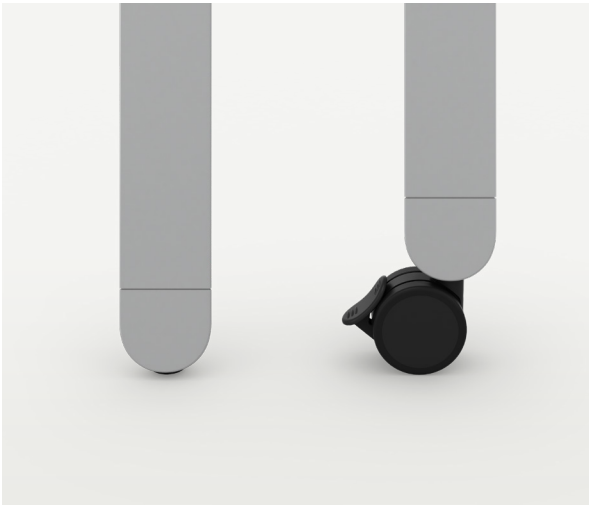

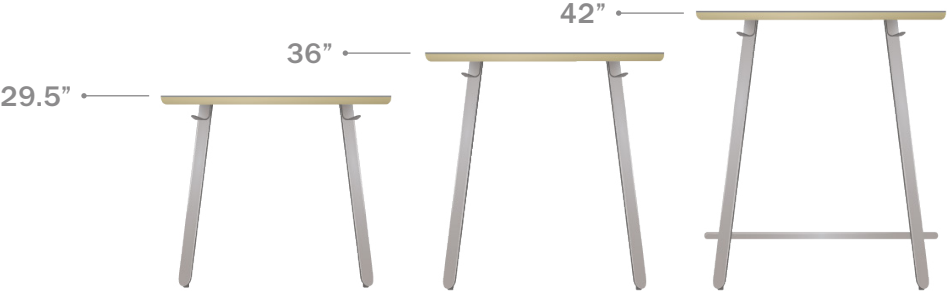

watson

Tucked Away
Cable Channels can clip onto any Haven table leg and are powdercoated to match.

Sit, Stand, Collab
Haven Social Tables can be specified in varying heights to inspire teams to actively collaborate. A foot bar can be added on most standing-height tables.

On the Move
Casters can be specified on all 4-leg Social Tables to make collaboration agile.

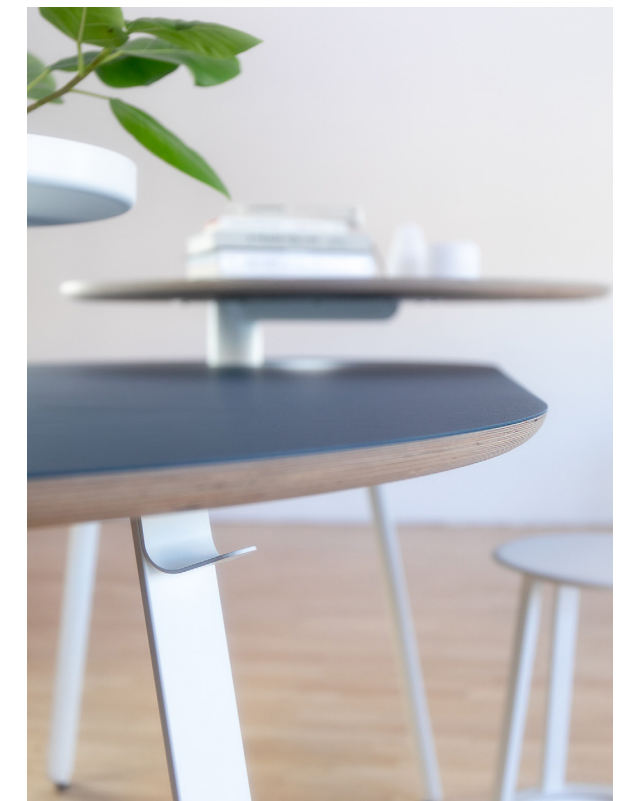

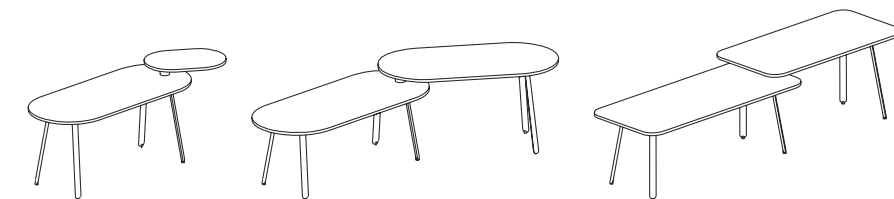

Walk-up Welcome

The **Haven Perch Table** maximizes underutilized spaces and thoroughfares with its sleek, compact design, turning them into inviting hubs perfect for transitional areas like cafes, lobbies, and peripheral zones. Its small footprint and clean aesthetic add versatility without sacrificing comfort or style.

Pivot Perspectives

Haven HighLow Tables offer multi-tiered surfaces that cater to various meeting styles—be it quick, stand-up conversations or more formal, seated work sessions. With a pivoting upper surface, these tables effortlessly adapt in real-time to meet the specific needs of any given moment.
